ODP 4368-77
23 December 1977

MEMORANDUM FOR: Acting Deputy Director for Administration

FROM   : Clifford D. May, Jr.
                 Director of Data Processing

SUBJECT   : ODP Report for Week Ending 23 December 1977

House Committee Staff Briefing

█████████████████████████████████████ (ODP) briefed
Richard Giza, a staff member of the House Select Committee on
Intelligence, on the TADS Project. Messers. ██████ (COMIREX)
██████ (ODP) briefed him on the CAMS project. Mr. Giza had
also requested a briefing on RAPID. Mr. May told him that a
briefing on RAPID was not on the agenda because the RAPID con-
tract was in the process of being terminated due to the con-
tractor failing to make progress. █████████

OC/ODP Planning Group Meeting

An OC/ODP Planning Group meeting was held and agreement
was reached to write an RFP for a contract to do data communi-
cations network analysis. A new Working Group will be formed
to study an interface between the Cable Dissemination System,
ODP Computer Systems, and end users.

The documentation of line problems ██████ Building,
provided by ODP Processing, is proving valuable to the Office
of Communications. ██████

Director of Data Processing Briefs EAG

The Director of Data Processing presented an overview
of the plans for an Agency-level review on 21 ADP projects to
be monitored by the EAG. He also reviewed costs and computer
usage for these projects. Mr. Dirks, DDS&T, asked for a more
detailed briefing on system capacity. ██████

SAFE

██████ attended the DIA briefing of G. Pickett of the
Senate Select Committee Staff. Mr. Pickett advised us that
he expects to ask for more information on interoperability/
commonality with other systems and changes which SAFE will
will introduce in the CIA.

Work was initiated to introduce DIA requirements to the SAFE Design Competition contractors. This change will not be introduced until the Management Plan and Memorandum of Understanding are approved. ███████   STATINTL

CIA Deputy Director-level concurrences were received on the SAFE Memorandum of Understanding and Management Plan. These documents have been forwarded through the DDA and DDCI to the DCI for approval.

STATINTL

██████ Computer On Site

The cables for the ████████ 0/V6 test configuration   STATINTL
were installed on 17 December. The hardware arrived on 22 December and is being installed. ODP is to begin testing on 27 December. This is our first large scale non-IBM computer main frame. ██████████

STATINTL

Training

STATINTL
STATINTL

A five day course, RAMIS Report Writing and Records Management, was completed by eleven students. ████████
